

From the offices of Peel Mutual Insurance Company:

As the pandemic evolves and our community continues to be under a State of Emergency in Ontario, we appreciate the difficulty COVID-19 has caused for many of our mutual policyholders who have been financially impacted.

During this time, we want our valued policyholders to know that we are here to help. If you have been impacted by the pandemic, we aim to provide options that will enable financial relief with respect to your automobile insurance. We recognize that many drivers are no longer using their vehicles as often and that their premiums should reflect that change in behaviour.

In providing solutions to our policyholders, we want you to know that whether you are driving a private passenger vehicle or a commercial vehicles, there are options available to you. Our trusted broker/agent network is ready to work with you to determine an individualized solution to assist with the difficulties you are facing during this time.

To discuss these solutions and changes in coverage, we ask that you reach out to your broker to discuss your situation during the pandemic.

To date, we have made individualized accommodations to policyholders affected by COVID-19 and we will continue to offer savings based on individual driving habits and circumstances going forward.

As always, Peel Mutual Insurance is focused on ensuring that our policyholders feel valued and supported during the pandemic, as we look to provide security and peace of mind during an unprecedented and dynamic period in our lives.

Sincerely,

Peel Mutual Insurance Company
